SKINCEUTICALS

Dedicated to this purpose, we make one simple promise – to provide advanced skincare backed by science.

SKIN FITNESS PROGRAM

Skin Ceuticals Clinical 60 minute Facial with Microdermabrasion
Full clinical facial, peel, microdermabrasion and a vitamin C mask with a hand and scalp massage.

Single treatment \$149

Mini Program \$420
3 treatments

Corrective Program \$750
6 treatments

(recommended for the best results)

This clinical facial is suitable for sun damaged, acne scarred and pigmented skin. A light chemical peel intensively exfoliates and stimulates collagen synthesis to improve elastin fibres in the dermis. The peel dissolves the 'glue' that adheres dead cells to the skin's surface, allowing your skin care products to penetrate deeply into the skin. Includes a vitamin C firming mask and microdermabrasion. Microdermabrasion is a non-invasive way to resurface the skin. Plus a hand and scalp massage.

Conditions. The Mini and Corrective Program must be paid on the 1st treatment and future bookings made on a monthly basis
