This procedure initially takes 1 1/2 - 2 hours to apply. It will completely transform your complexion, leaving your eyes looking brighter and rejuvenated 24 hours a day without the daily hassle of applying mascara.

Touch ups are only needed every 2-3 weeks [depending on your lash cycle] making sure your lashes last.

We use "manmade faux silk" lashes that are completely free from animal cruelty.

We will be offering Classic, Volume and Hybrid Lashes.

Classic lashes - adding single lashes to each individual natural lash, enhancing length and thickness while keeping the eyes looking natural.

Volume - adding 4 lashes to each individual natural lash adding volume and glam to your everyday look.

Hybrid - are for those who do not want the full volume look but would like more glam than the classic look.
