Treat yourself to Eyelash Extensions! New to our Services!

This procedure initially takes 1 1/2 - 2 hours to apply. It will completely transform your complexion, leaving your eyes looking brighter and rejuvenated 24 hours a day without the daily hassle of applying mascara.

Touch ups are only needed every 2-3 weeks [depending on your lash cycle] making sure your lashes last.

We use "manmade faux silk" lashes that are completely free from animal cruelty.

We will be offering Classic, Volume and Hybrid Lashes. Pictured below are before and after of Hybrid.

Classic lashes - adding single lashes to each individual natural lash, enhancing length and thickness while keeping the eyes looking natural.

Volume - adding 4 lashes to each individual natural lash adding volume and glam to your everyday look.

Hybrid - are for those who do not want the full volume look but would like more glam than the classic look.
